- Electronic Medical Records (EMR)
- Electronic Health Records (EHR)
- Billing and Invoicing
- Laboratory Information System (LIS)
- Radiology Information System (RIS)
- Pharmacy Management
- Human Resources Management
- TPA Management
- Ward / IPD Management
- Data Analytics and Reporting

Hospital Information⁺ Management System

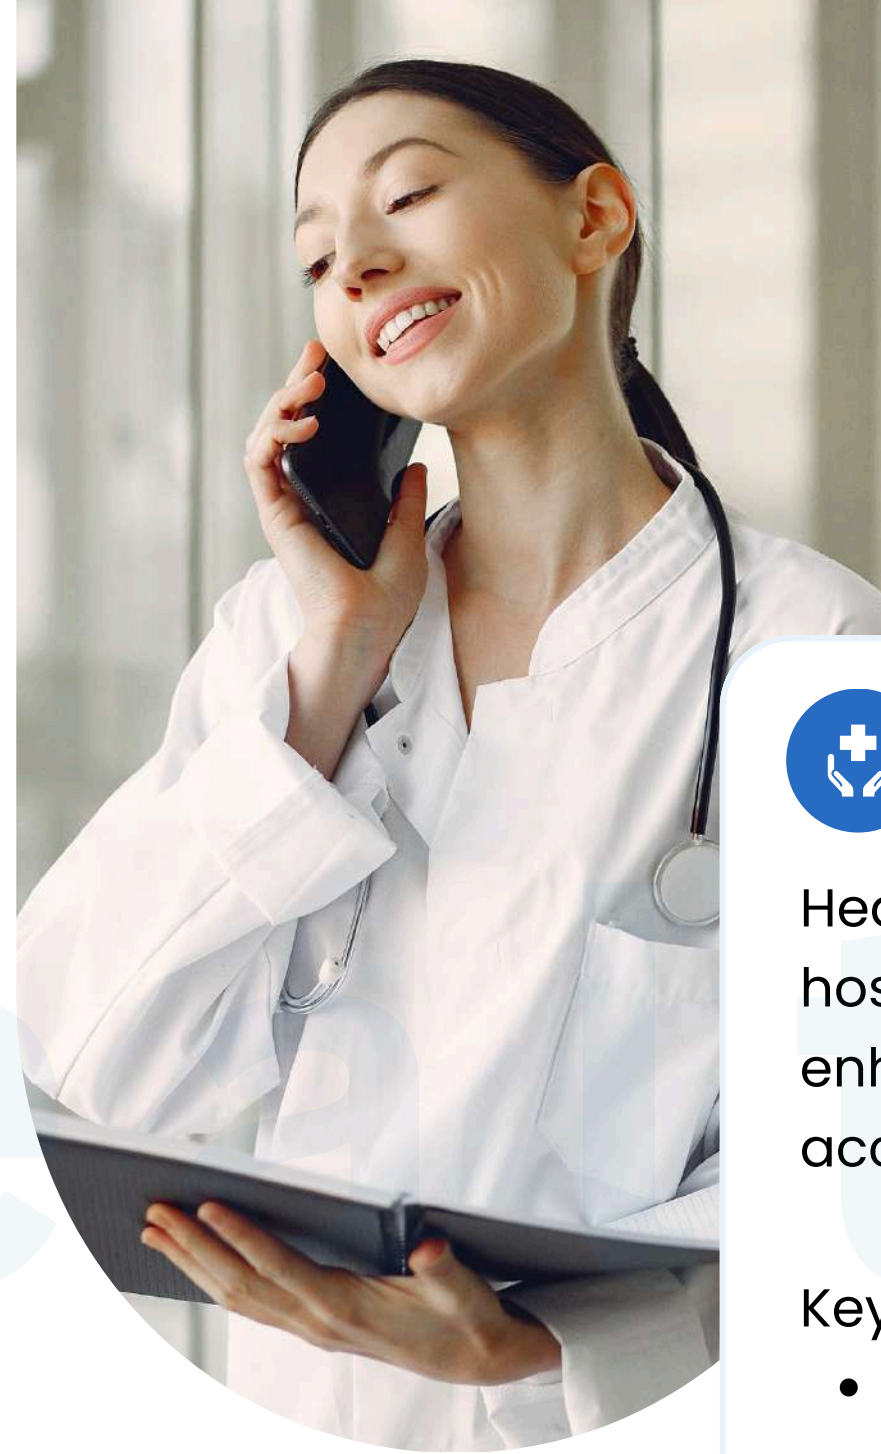

One-stop Healthcare Solution

Healthray's HIMS is a cloud-based, AI-driven solution that unifies clinical, administrative, and financial operations, helping hospitals improve efficiency, enhance patient care, and ensure data security.

Key Highlights:

- Smart OPD/IPD & Appointment Management
- Integrated Billing & Revenue Cycle
- Ward & Bed Management
- Pharmacy & Inventory Control
- Data Security & Compliance
- Real-time Analytics & Reporting

EMR Software

Collaborative Medical Platform

Healthray EMR is an intuitive, cloud-enabled solution crafted for hospitals, clinics, and specialists. It streamlines workflows, enhances patient engagement, and provides secure, real-time access to patient data.

Key Highlights:

- Custom template support for different specialties
- OPD & Appointment Management
- Patient Health Portal & Online Consultations
- Laboratory & Pharmacy Integration
- Real-time Medical & Radiology Reporting
- Billing & Revenue Cycle Support
- Interoperability & Cloud-Based Access
- Alerts & Secure Document Management

Laboratory Information Management System

Versatile Lab Solution

Healthray's LIMS brings labs into the digital age with cloud-based, secure and automated workflows, improving quality, speeding turnaround, and ensuring regulatory compliance.

Key Highlights:

- Sample Lifecycle Tracking from collection to reporting
- Audit Logs & Access Control for data security & traceability
- Workflow Automation & Instrument Integration
- Real-Time Reporting & Performance Monitoring
- Cloud-Based System with Remote Access & Scalability
- Regulatory & Quality Standards Support (ISO, HIPAA etc.)

Pharmacy Management System

Smart Pharma Solution

Healthray's Pharmacy Management System simplifies pharmacy operations with an all in one, cloud enabled platform that ensures accurate dispensing, optimal inventory control, and seamless billing helping pharmacies deliver safer patient care, reduce costs, and stay compliant effortlessly.

Key Features:

- Prescription Management & E-Prescribing
- Inventory & Expiry Tracking with Real-time Alerts
- Billing & Insurance Processing
- Reporting & Analytics Dashboard
- Regulatory Compliance & Data Security
- Integration with EMR / Hospital Systems / POS

Health IT Excellence with Healthray

- SMART Cloud Technology
- Enterprise-Grade Functionality
- Integrated, Interoperable & Fully Customizable
- Specialty-Specific Content & Workflows
- ABDM-Ready & Global Compliance (HIPAA, ICD-10, SNOMED, FHIR)
- Award-Winning Usability
- Fast-Track Implementation
- Top-Rated Customer Support
- Hassle-Free Maintenance with Free Upgrades
- 99% Uptime Guarantee
